Enthusiasm, creativity, attention to detail, and an unparalleled commitment to each project set Montgomery Roth Architecture and Interior Design apart from other Hospitality Design firms. Architect, John Montgomery and Designer, Lisa Roth, teamed up to create a firm that offers full design services in both Architecture and Interior Design.

Montgomery Roth's award winning designs result from a carefully developed storyline, unique design solutions, rigorous project management, and total respect for the client's budget.

Their unique visions are reflected in a multitude of successful design projects ranging from a Mardi Gras themed casino, a Victorian inspired resort, New Orleans themed restaurants, contemporary boutique hotels, and a Latin American style bar and restaurant.
